MESSAGE

It is heartening to learn that the National Day of Mashhad is being celebrated on 31st December, 2022 in Islamic Republic of Iran. I am honoured to share my warmest wishes and sentiments to the people, Ayatollah Dr. Seyyed Ibrahim Raisi, Hon'ble President of Islamic Republic of Iran, the Mayor and administration of Mashhad City in commemoration of this august day.

Iran and Pakistan have long bilateral relations based on brotherhood, respect and cordiality. Pakistan greatly values its association with Islamic Republic of Iran – the first country which recognized Pakistan, after its independence. We have very special place in our hearts for the Mashhad City being the custodian of a number of holy shrines and other sanctified sites of pilgrimage. The cities of Mashhad and Karachi have also been announced as the sister cities and I believe that there is great scope of furthering the cultural and business ties between them.

I sincerely pray for peace, prosperity and progress of the people of Mashhad City and Islamic Republic of Iran and wish for firmer relations between the two brother Islamic countries.

MUHAMMAD KAMRAN KHAN TESSORI
